This book helps all who has fallen in love or even thought to have fall in love, to never give up, because there is always someone, somewhere looking for the same thing they are but fear to say it out loud. In my heart of hearts, I want eternity, I want someone who wants me for me, I want the love of words for a lifetime. I want each time someone reads this book to let their inner most thoughts unleashed, and be not afraid to say, I love you.
