"Tom Riley makes a meager living in the ring in Detroit, but it's good enough for him. He ain't ambitious. A few bucks and a rather high opinion of himself are all he needs. But when he accidentally kills a connected mobster, he's forced on the lam and winds up in Memphis—the Bluff City. He struggles to make a new life for himself there. But his past mistakes are about to catch up to him, in spades. The Detroit Mob is closing in, and Tom's future is about to be decided in blood—and in the ring."
