Life Quotes. Nothing is permanent in this world. Everything needs change and that change should be positive enough to lead a magnificent life. Don't be the prisoner of your own thoughts. Be a listener, a motivational speaker and learn well to create history on this earth. Love has no definition, it defines us. We all have different bondage of love with each and everything in this universe. The child has different bondage of love with his mother, siblings have different while some have different. Love brings the perfection in life.

We all have crush on each and everything, the soul, incredible nature, god and lot of mortal and immortal beauty things on this earth, but very few tries to achieve it. Spend your valentine day with your parent's, siblings, nature, soul and anything you love and that's the way to celebrate and live your day. Valentine day is all about live your day with someone you love, it may be anything and focus on what you have, and don't worry about that, what you don't have. Spread love with tears of happiness and you will become mortal beautiful person in this world. Read and have fun.
