What do you think about the startup able to influence the design the world? A little tweak the many-worlds interpretation of the world, for your benefit? "...

Then Edward asked: - Have you tried to press the button? - Sure I have.

- So how come you are not the most famous and richest guy in the world? Sergey hesitated slightly. - Well, it's hard to explain. Actually, I am rich, famous and very successful. But not in this reality. - In which one? - In mine. - And now you are in whose reality?..."
