[Paul the Jew: Rereading the Apostle as a Figure of Second Temple Judaism.epub](#)

The decades-long effort to understand the apostle Paul within his Jewish context is now firmly established in scholarship. The latest fruit of sustained analysis appears in the essays gathered here, from leading international scholars who take account of current investigations into the scope and variety present in Second Temple Judaism. Contributors address broad historical questions as well as questions about interpretation itself, including the extent and direction of a paradigm shift in Pauline studies and the evaluation of the Pauline legacy.
