Getting ready for bedtime, step by step It's bedtime for one little boy, and time to say good night. Even the next-door cat and Buster the dog are ready for sleep. Told from the point of view of a mother easing her child through the steps of bedtime, this comforting story is both time and universal. Anne Rockwell's lyrical prose and colorful pictures make this a perfect book for sharing at night, over and over again. Anne Rockwell is a pioneer in the field of preschool books. She has written and illustrated more than one hundred books for young readers during a career that spans four decades.
