Discover how to sell 25,000 books in your first year on Amazon - with absolutely no money spent on advertising, promotion, or marketing. Rob Parnell is the author of 24 Amazon titles, almost all of them released in the past year. As he explains in the introduction to his new book, "Fast & Furious" are the two qualities that exemplify the modern 21st century writer.

If you want to seriously compete in the modern writers' marketplace, you MUST embrace Amazon and Kindle and begin to self-publish your work before everyone else gets in on the act! If you're an aspiring author of novels or nonfiction books, you simply must take hold of your career, right now, and learn how to CONTROL YOUR OWN DESTINY. Rob's new book will show you how. "Fast and Furious" contains no theory or rhetoric - it is fact and reality. If you want to make a good living as a writer of books, you need Rob's sage counsel and advice - and you need it right now! In this volume, part one of a five-part series, Rob introduces you to some important information and concepts that will help you on your journey toward creating bestsellers on Amazon and Kindle. Discover: \* How a change in your mindset now can guarantee results in the future \* How building an Author Platform will ensure your success \* How "Priority Assessments" may double, even triple, your writing output \* How goals and your sacred writing space positively impact your

creativity \* How strategy and visualization can unleash the writer within And that's just contained in this first part of "Fast and Furious: Writing for Amazon and Kindle." These 20,000-word mini-books from Rob Parnell, to be released every two to three weeks, will build into an encyclopedia of crucial insider knowledge that, as a wannabe bestseller writer, you cannot afford to be without. If you seriously want to easily sell 25,000 books within the next twelve months - or - on Amazon and Kindle, you've just got to get hold of Rob's information. It's the real deal. Go for it!
