Bobby is thinking if maybe he isn't going a little bit crazy. After all, who can keep up with the unending assault that the lovely and beautiful Jill is having on him? But Jill isn't all what she appears to be, and there is more than meets the eye. When we last left the two of them, they shared a secret - and now we get to find out just what that secret will do for the two of them. Will it bring them closer, or drive them farther apart? Because at this point, Bobby may as well truly go crazy if it drives them farther apart...
