Lyon's Bride They call him Lord Lyon...proud, determined and cursed. He is in need of a bride, but if he falls in love it's said he will die. So he seeks a woman to marry without love, hoping to break the curse of the Chattans forever. Enter beautiful Thea Martin—a duke's headstrong, errant daughter and society's most brilliant matchmaker. Years ago, she and Lyon were inseparable, until he disappeared without a word. Now she is charged with finding him his bride—a woman he must not love, for a man Thea could love all too well. The Scottish Witch Portia Maclean believes she is beyond love and marriage. Then, one moonlit night, she finds herself swept off her feet by a powerful stranger. But what will he do once he discovers she's betrayed him? Harry Chattan is fighting for his family...he's come to Scotland on the hunt for a witch to break the Chattan curse. Instead, he finds himself bewitched by Portia. Harry has vowed to fight the demons torturing him, but will that battle destroy her as well?
