[Hideous History: Death & Destruction.epub](#)

All the grim, gruesome and gory parts of history they never teach you in school! This darkly funny, wonderfully illustrated book is full of some of the most bizarre historical characters with the most hideous stories and lives. Featuring the grisly tales of Al Capone, Vlad Dracula, Richard III, Rasputin, Vikings, and many more. Was listed with the title Twisted History: Murder and Mayhem . I'm not sure why.
