Advance your dental practice by tapping into the booming field of oral appliances for the treatment of sleep apnea. Dental Sleep Medicine Basics is the first and only book teaching the step by step clinical aspects of Dental Sleep Medicine.

This book highlights the background of sleep apnea and the role of a dentist in treating it.

It is organized in the step by step fashion that facilitates efficiency and thoroughness allowing a dentist to not only help patients with sleep apnea, but also get paid for it. The use of illustrations and descriptions will help to understand each step. Mark Collins DDS, DABDSM a seasoned dentist in dental sleep medicine presents the clinical guide to treat obstructive sleep apnea, including: Background on sleep apnea and current treatments available How to screen patients for obstructive sleep apnea The thorough and proper comprehensive examination An understanding of appliance choices Proper bite and appliance impressions Potential complications and corrections Templates and sample forms for your practice Guidance on medical

billing, including Medicare Sleep apnea plagues millions of Americans, keeping them and their families from getting adequate rest, often for years (even decades) at a time.

With only a few viable treatments available, most sleep apnea sufferers feel they have little recourse. Where surgery and apnea masks fail, dental sleep medicine and oral appliances may succeed. Containing illustrative pictures and thorough explanations, Dental Sleep Medicine Basics is a step-by-step guide to help get your clinical treatment of the disorder off the ground and start treating the millions of sufferers who need your help today. This is a comprehensive clinical guide with everything you need to treat obstructive sleep apnea. Dr. Mark Collins DDS, DABDSM a private practice dentist that has taught hundreds of dentists dental sleep medicine, published articles on dental sleep medicine, served on the credentialing committee with the AADSM, was the first facility accredited by the AADSM in the state of Arizona, and designed dental sleep management software.
