Warning 18+ content! Unicorn hunger for Serena doubles down when she lands in their mysterious world! Chosen as an offering for the Unicorn's Great Gathering, and honored by the mythical beasts, Serena is fully under the horn's spell when shapeshifting tricksters abduct her. Able to satisfy every lusty whim a girl can imagine, the shapeshifters still aren't prepared for angry unicorns obsessed with returning their collection of sweet young girls. It took a lot of trouble to assemble a team of virgins for the great unicorn gathering and their ire and horniness won't abate until Serena is theirs again. It's a race across magical worlds where Serena must decide if her loyalty lies with the mythical horn-beasts who made her theirs.
